Sheriff Grantham Stresses Urgent Need For New Patrol Cars

The Coffee County Commission met in regular session on Monday, November 27, at the courthouse in Enterprise, and heard Sheriff Grantham state "I realize your financial bid, but I also realize my pledge to serve the people of Coffee County to the best of my ability."

Sheriff Grantham's comments came after the County Commission again failed to take action on his request for new patrol cars. Sheriff Grantham reported that his department is using four cars that have over 125,000 miles on them, and added, "The repair bills are extremely high and the vehicles are dangerous to my deputies."

"Just remember," warned Grantham, "that when you need us in a hurry, it may take a while to get there. The cars are old and just aren't reliable."

While meeting with the Commission, Sheriff Grantham also brought up the problem of cooking at the jail. "We've got a bad problem at the jail. We've been using inmates as cooks, but it's not working out. They're stealing us blind and not doing a good job of preparing the food."

Grantham asked for permission to employ a cook for the jail, but was told the CETA program was in a "hiring" freeze and no one could be employed until January. Before leaving, the Sheriff informed the Commission that the jail still did not meet requirements stated in an inspection by the State Fire Marshal. However, the work is being done and should be completed soon.

The bi-monthly meeting began at 10:00 a.m. with all commissioners present. Present were Commissioners Glimmer Grant, Rex Boutwell, Jack Hornsby, Max J. Reeves, Don Smith and Benjie Beckham, along with Probate Judge James L. Sawyer, Clerk Bruneau Winston and County Engineer Leslie Mullins.

Two sets of bids were opened at the meeting - one at 11:00 a.m. and one at 2:00 p.m. At eleven o'clock, the Commission opened bids for paving of the road near the new processing plant in the northeast part of the county. Bids were received from S. & B. F. Williams Const., of Ozark - \$22,450. The Commission voted to accept the low bid.

The other bid consisted of a project sponsored by Soil and Conservation Department, to be paid by Federal funds.

Prostate Judge Sawyer told the Commission: "A letter concerning national flood insurance had been received from the Alabama Department of Insurance (no action was taken);"

"That the Regional Planning and Development Commission had offered to conduct an Emergency Planning survey in the county and cities;

"He had received two A95 Reviews for approval - (1) -

The work included placing concrete flumes, seeding and mulching, and sodding on the Geneva Highway to the Samsom Highway. The bids came from Tom M. Warr Contracting - \$64,634.50, and Wayne Ford Contracting - \$58,484. The Commission will award the contract after approval from concerned agencies.

Alabama Forestry Commission (2) Health Systems Agency - \$300,000.

"Of a leak at the County Health Office;

"That Sarah Keeler, a Health Department worker, was retiring on December 8;

"And, told the Commission it was invited to tour the new facilities at Conagra on December 6.

The Emergency Medical Services Board (which serves 18 counties) sent the Commission a letter asking it to appoint three members to the board. The Commission mentioned appointing Kenneth Ball and Terry Shaeffer, but delayed the action until the next meeting. The Commission expressed a desire for the third appointee to be from Elba.

Mr. Rufus Bradley addressed the Commission and

Commission Gives In - Hikes Rates

The Coffee County Commission met on Wednesday, November 15, and agreed to allow Solid Waste Enterprises to use its commercial garbage pickup price to \$4 per pickup.

The rate hike will result in the end of the company's dumpster rental charges, which started the recent grumbling over the garbage business.

Commissioner Jack Hornsby made the motion to raise the fee and it was seconded by Commissioner Glimmer Grant and Rex Boutwell abstaining.

Also approved in the motion was an agreement to take the Solid Waste Enterprises an option to lease all garbage containers not in present use.

In other action at last week's meeting, the Commission:

"Hear that the Farm Center Area had been cleaned up;

"Look no action for a request for a telephone at the Registrars' Offices in Elba and Enterprise;

"Awarded an appraisal contract to Coston Barlow.

Grand Jury Reports On Condition Of County Buildings

The Elba Division of the Coffee County Grand Jury met on Monday, November 20, 1978, and reported the following existing conditions of county property and buildings after their inspection:

The courthouse is in a poor state of repair, and additional space is needed for storage and preservation of records. The Grand Jury suggests micro-filming to accomplish this.

Restrooms are in a general bad state of repair, and need a good and thorough cleaning. Unsafe conditions for workers and visitors exist in various departments, examples as follows:

Hole in inside wall in sheriff's office; plaster is falling from ceiling and walls in several offices; several heaters in various offices present an open flame (vented heaters are suggested by Jury); light fixtures in Circum-Judge's Office insecure and liable to fall at any time.

Further inspection of the courthouse revealed that a number of windows show evidence of leaking, as do many of the air conditioning units installed in the windows. Evidence of leaks in other areas of the building was also reported, with suggestions to repair.

The County Health Center was found to be in a generally good state of repair, with the following exceptions: plumbing in one bathroom is in need of immediate attention; evidence of leaking was found around the sky light and the heating and air conditioning vents; one window lock is broken; ceiling tiles are broken and damaged, and light fixtures need replacing.

Several areas of the building need to be repainted - namely the hand rails and posts on the porches, and also the side porch, weather stripping on front windows needs repairing or replacing.

Inspection of the building housing the County Board of Education showed it to be in an excellent state of repair; and very clean, but the Board of Registrars and Department of Veterans Affairs building needs a new roof or a roof repair job because of the strong evidence of leaking. (This condition was noted to have been prevalent for three years.) Leaking has damaged the office housing the Board of Registrars to the extent that it needs repainting, and the ceiling tiles in the Veterans Affairs Office need complete replacement.

Members of the Grand Jury say "there is a definite need in this county for either a complete renovation or remodeling of county jail or the building of a new jail." (This was said to be especially needed because of overcrowded conditions.)

Finally, the Grand Jury requested "that if the foregoing enumerated conditions in the various buildings are not attended to by the County Commission by March 1, 1979, the Circuit Judges of this judicial circuit call this Grand Jury back into session and that the County Commissioners be summoned to said special session of this Grand Jury to show cause why they have not attended to these conditions."

TED FILLINGIM.....pictured above on the left, was sworn in last week as a member of the Coffee County School Board. Fillingim was sworn in by Probate Judge James L. Sawyer.

Rayborn Named Police Chief

For the first time in nearly 4 months the City of Elba has a full-time Police Chief. The new Chief is Max Rayborn, who had been serving as acting Chief since M. W. Johnston was suspended in August.

Rayborn was named Police Chief last Tuesday night, November 21, by the Elba City Council at the regularly scheduled meeting. Rayborn had been the top choice for the position for many weeks, but his approval was slowed by the fact that he lived at Pine Level, a small community located in Crenshaw County.

Councilman Wayne Sharpless was the only member not voting for Rayborn's appointment, but Sharpless insisted his reluctance did not stem from the job Rayborn had done as acting Chief. Sharpless told the council he could not vote in favor of hiring a police chief or a new policeman who did not live in the City of Elba.

Councilman approved dividing the \$830 monthly salary among the 12 employees and doing away with the position of assistant Chief. Instead of hiring an assistant for Rayborn, the council agreed to promote Leonard Cook, Pete Daugherty and James Sparlin to the post of sergeant. These will act as shift leaders and will receive \$4.45 per hour.

Other pay raises included a 35¢ per hour increase for radio operators and a 40¢ per hour raise for patrolmen.

Mr. Ed Gullion addressed the council and told it of water problems at his home, which he said was the responsibility of the City and the builder of the home. Gullion reported that during heavy rains, water had come within two-inches of getting in his house and that

the end of his driveway was under water. Mr. Gullion also asked the council's help with a sewer line that he said is only 4 inches in diameter, but which is carrying sewage from two homes. Gullion added that his neighbor's line is tapped into his.

The Council told Gullion to talk with his neighbor and try to work things out before the next meeting.

In other action at Tuesday's meeting, the council:

"Hear a request for a new lawnmower at the Recreation Center, but asked Councilman Jimmy West to get with Recreation Director Dennis Smith to see if the purchase could be delayed;

"And, adjourned until the first Tuesday in December.

Death Claims Charles P. Hayes Jr.

Charles P. Hayes, Jr., a leading figure in the local business community, died Wednesday, November 22, 1978, in the local hospital after a lengthy illness. He was 65 years old at the time of his death.

Mr. Hayes was buried Friday morning at 11:00 a.m. in the Hayes family plot in Evergreen Cemetery with Rev. Dr. Jason Vaughn officiating.

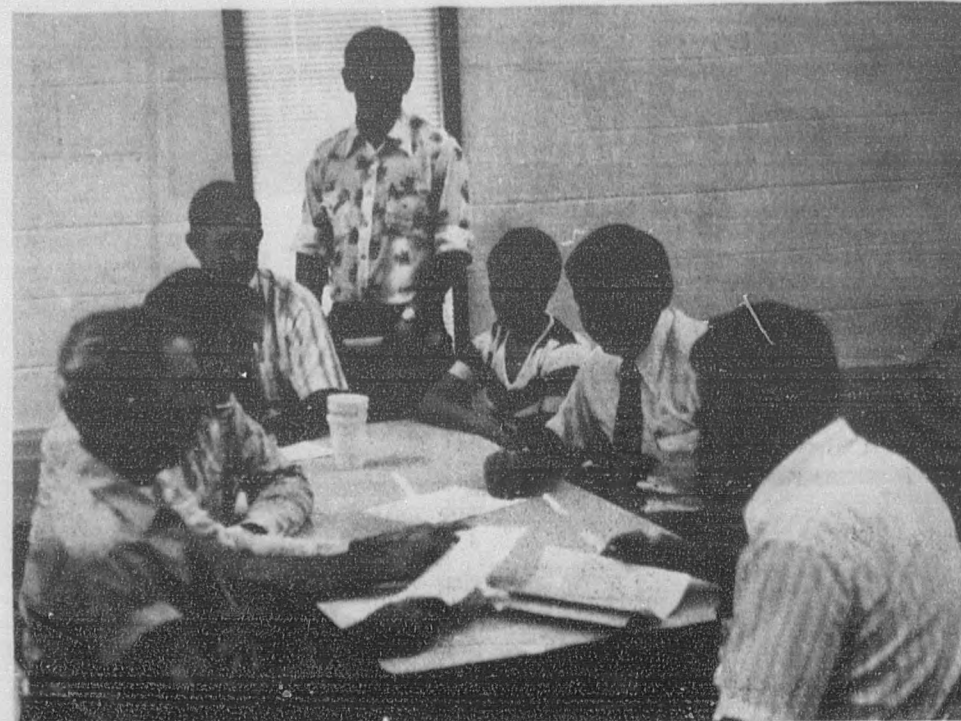

He was born on May 17, 1913, at Richburg (now Elba, Elba New Brockton) in the home of his grandparents, Mr. and Mrs. George Stephens. He was the only child of the late Dr. and Mrs. C. P. Hayes, Sr., a prominent Elba physician.

Mr. Hayes was educated in the Elba schools, and after graduation in 1932, attended Clayton-Jones School of Mortuary Science in Nashville, Tennessee. He was licensed by the State of Alabama to perform the art of embalming in 1935. He was one of the oldest licensed embalmers in Alabama.

Hayes founded Hayes Funeral Home in 1934 and served as its president until his death.

Mr. Hayes' love of the outdoors and horses was widely known, and he was an avid lover of hunting and fishing. Just a few days before his death, he still talked with visitors of getting out of the hospital and going fishing.

He was a peasant farmer and cattle breeder and served on many civic boards during his lifetime. For many years he operated Hayes Hardware Company also. He was a member of the First Baptist Church of Elba.

Ways to involve people was the topic of discussion of the chairman of the Coffee County Extension Council, livestock specialist, Dr. Oscar Strickland (second from right), Program Specialist from Auburn,

COFFEE COUNTY CORRESPONDENCE

SARA HUTCHINSON

WRINKLES AND PERMANENT PRESS

If you forgot to remove the permanent press items from the dryer when it stopped, do you have to rewash the garments to get the wrinkles out?

The best treatment is to rewash and re-dry the garments at once. But if you don't want to take the time or the energy to do this, put a damp towel in the dryer with the wrinkled items and run the dryer for a short time.

Do you seem to be stepping at the gas station more than you used to? The reason could be a dirty engine air filter in your car.

If the air filter isn't clean, the air starved engine will use more fuel -- and you'll be paying higher gas bills. Also, make sure the tire pressure is correct. Beaded tread wear, an under-inflated tire will increase your car's gas use.

BROILER LITTER
Dr. B. G. Ruffin, animal nutritionist, sent me the following information in response to a letter that I had written. A few people ask me about the value of broiler litter as a fertilizer and we will send you a copy.

IRON IS A STRUGGLE
Of all the nutrients, iron is the most difficult to take care of. Iron is absorbed from the foods you eat. It is used by the body to make hemoglobin which, with oxygen, carries the blood to the cells. If your body does not receive sufficient amounts of iron, you may tire easily, feel listless and have a short attention span.

The best food sources of iron are in the meat, fish, poultry and egg food groups. All varieties of liver are excellent sources. Other good sources are apricots, prunes and raisins.

EXTENSION'S ENERGY TIP
Do you seem to be stepping at the gas station more than you used to? The reason could be a dirty engine air filter in your car.

PECAN FERTILIZATION
How well do you take care of your pecans? Many people cannot spray because getting someone with a power sprayer is both difficult and expensive. For most people with just a few trees if they could get somebody to spray the pecans, it would cost more than it would be worth.

However, there are several management tips that will help to increase pecan production and quality. One is to keep the area under the trees clean. Pick up all dead limbs, mummified pecans and leaves. These all help to intensify disease problems on pecans.

Secondly, be sure to fertilize properly. The best way to fertilize is by soil recommendations. We have supplies for taking tests at our office. Agrichemists also have supplies. One sample sent in will be sufficient for several years. This is a very inexpensive way to bring precision to your fertilization program.

In Coffee County fertilizer should be spread under pecan trees from the base of the tree out to as far as the limbs reach from January 15 to February 1.

LAWN CARE
A lot of lawns which have made good growth need to be managed so as to get rid of the

old, dead grass which has accumulated. You will have a lot of clippings in your lawn even though you may be mowing frequently and you may be removing your clippings as you mow.

I usually rent a lawn thatcher in January or February and go over my lawn. First, I adjust the machine and run it lengthwise over my lawn. Then I rake up the material which the thatcher has pulled up and take it off. Then I go across the lawn and rake this up. You will be surprised at the enormous amount of dead material you will get.

Don't overlook the importance of soil testing your lawn and fertilizing according to recommendations.

HORSE HEALTH
Dr. Harold Kyr, Extension Veterinarian at Auburn, makes several recommendations concerning horse health care. For example, on tetanus Dr. Kyr recommends a toxoid as an annual booster. He recommends an antitoxin in case of a puncture wound. On eye care, he recommends eye drops in trucks, tractors and other farm implements. A lot of equipment is not used at this time of the year, and some of the equipment is not used at this time of the year. Some of the equipment is not used at this time of the year.

For influenza, sleeping sickness and rheumatism, he recommends injections. He

also points out the importance of parasite control, nutrition and dental care.

The veterinarians in Coffee County can advise you on the health care of your horse. If you would like to have the schedule which Dr. Kyr has prepared, call us at 894-5596 and we will send you a copy.

Comment Period Changed For 1979 Conservation Program

Proposed procedures and practices for the 1979 Agricultural Conservation Program (ACP) will be published in the Federal Register about November 14 after which the public will have 30 days in which to submit written comments on the proposals, according to Ray Fitzgerald, Administrator of the Agricultural Stabilization and Conservation Service (ASCS).

This is two weeks later than the earlier announced tentative date of November 1 for publishing the proposals in the Federal Register. Because of the later publishing date, the comment period is changed from 60 to 30 days in order for the new program to be ready for operation by January 1, Fitzgerald said.

The Agriculture, Rural Development, and related agencies appropriations act for Fiscal Year 1979 provides that the ACP assistance will not be used for carrying out measures and practices that are primarily pollution oriented or that have little or no conservation or pollution abatement benefits.

Fitzgerald said implementation of these provisions of the act will be achieved through the establishment of...

Criteria for determining the practices eligible for ACP assistance. Guidelines for directing assistance toward situations in which practices can be expected to yield significant public benefits or water conservation.

Or pollution abatement benefits, and procedures to facilitate approval of a solution to local soil conservation, water conservation, or pollution abatement problems not addressed by national criteria.

Written comments may be delivered by mail or in person to Alan Durick, Acting Director, Conservation and Environment Protection Division, Room 3096 South Building, ASCS-USDA, Washington, D.C. 20250.

Fitzgerald said final details on the 1979 ACP will be announced about December 26 and these guidelines, procedures and practices will become effective January 1.

Notice That A New License Schedule Became Effective January 1, 1979

And Are Delinquent February 1st

Notice That A New License Schedule Became Effective January 1, 1979. Employees At City

Hall Will Be Glad To Assist You In Preparing Your Application For License.

There Will A Penalty Fee Plus Interest Charged If Not Paid By Due Date

PASTOR'S CORNER

REV. CHARLES E. SUNDAY
Zion Chapel Baptist Church

JESUS CARES

During the intervening hour, the lad had lain awake still puzzled about his problem, and, remembering his mother's assurance, he was comforted that Mother would keep her promise. Was she really "worrying about that"? So, at length he crawled out of bed, went slowly down the stairs, peered into the living room, and asked timidly: "Mother, are you worrying?"

"Mother, are you worrying?" "Yes, I am," she replied. "But, after all, aren't we all very busy here in many ways?"

"Yes, I am," she replied. "But, after all, aren't we all very busy here in many ways?"

"Yes, I am," she replied. "But, after all, aren't we all very busy here in many ways?"

"Yes, I am," she replied. "But, after all, aren't we all very busy here in many ways?"

Ruth Sunday School Class Enjoys Meal Together

The members of the Ruth Sunday School Class of the First Baptist Church enjoyed a delicious covered dish meal in the fellowship hall of the church on Thursday, November 16.

Those present were Lucile Larkins, Helen Holliman, Esther Clements, Mary Louise Collier, Grace Taylor, Eleanor Lee, Frances Conner, Frances Dewberry, Elizabeth Brunson, Betty Dorsey, Gertrude Traveek, Betty Johnston, Regina Grimes, Jean Kennan, Addie Bell Martin, and Topsy Rhodes.

Betty Dorsey presided over a short business meeting, and plans were made to meet again in February. A time of good fellowship was enjoyed by all, and those members who were unable to attend are encouraged to be present for the next meeting.

Meeting In Progress At Church Of Christ

A Gospel Meeting is now in progress at the Elba Church of Christ.

Guest speaker is Billy Hilyer, evangelist of the College Church of Christ in Montgomery.

Mr. Hilyer is a graduate of Alabama Christian College with a BA degree in Bible. Terry Cummins is Minister at the Elba Church of Christ, and invites everyone to attend these meetings.

The church is located 3 miles southeast of Gleanwood.

"When Jesus came into the world, he asked his disciples, saying, Whom do men say that I the Son of man am?"

And they said, Some say, John the Baptist; some, Elijah; and others, Jeremiah, or one of the prophets.

He said unto them, But whom say ye that I am? And Simon Peter answered and said, Thou art the Christ, the Son of the living God. Mat. 16:13-16

The FBI has 168 million fingerprints on file--no two of which are exactly alike.

Mrs. Brunson

Entertains Music Lovers Club

The Music Lovers Club met on Thursday afternoon, November 9, at 3:30 in the home of Mrs. Lister Brunson, with Mrs. Jimmy Ramsey as co-hostess.

Guests and members were served delicious refreshments. Mrs. George L. Collier presided and welcomed the guests. The usual business of the club was transacted, and three new members were voted into the club unanimously. These were Mrs. Shirley Wise, Mrs. Barry Taff and Mrs. Nancy Crowe. Mrs. Edwin Cooper gave the invocation.

Sixteen members were present, and the following were guests of the club: Misses Betsy Brunson, Susan Bruckner, Melissa Norman, Carol and Angie Holt, Mrs. Helen Bruckner, Mrs. Lucy Bruckner and Mrs. Hazel Lee.

In line with the theme of the year, "Music in Our Own Back Yard," Mrs. Lister Brunson presented the program consisting of five piano duets, by local talent, as follows:

Sonata in D Major by Mozart, played by Betsy Brunson and Susan Bruckner; The Flower Song by Lang, played by Angie Holt and Mrs. Lois Holt; A Beethoven March, by Mrs. Holt and Mrs. Collier; Qui Vive! by Paul Gullip, played by Carol and Mrs. Holt; En Banister from the Petite Suite, by Debussy, played by Melissa Norman and Mrs. Collier.

The next meeting will be held December 14.

Elba Pilot

Club Meets

The Elba Pilot Club conducted its monthly business meeting November 14 at Holley's Restaurant.

Agnes Wilson, President, presided at the meeting in which the division chairmen made reports. The club was thanked for its donation to St. Jude Children's Hospital, which was one of many civic and charitable projects by the Pilot Club this year.

The annual awards banquet will be in March and plans are underway for the Pilots to honor not only the Man and Woman of the Year, but also outstanding individuals in specific areas. Carol Fudge will be coordinating the banquet. The Pilots have sold many fruit cakes in the last few weeks and still have some that may be purchased from any member.

Those attending the Tuesday meeting were: Marie Asher, Miriam Bowers, Ann Davis, Agnes Wilson, Gena Binbo, Carol Fudge, Cynthia Holdridge, Sylvia Stivers, Gayle White, Ann Beck, Carrie Jacobs, Nancy Crowe and Barbara Hudson.

Students Named In Who's Who

Debbie Henderson and Van English have been selected for the 1978-79 edition of Who's Who Among Students in American Universities and Colleges.

Mr. Donald Gibson, TSU Vice President for Student Affairs, said that selections are based on academic achievement, service to the community, leadership in extracurricular activities and future potential.

Dr. Ralph W. Adams, President of TSU, congratulated all of the TSU students selected and said that each is an asset to the Troy State University System.

Debbie is the daughter of Mr. and Mrs. C. R. He, son of Elba, and Van is the son of Mr. and Mrs. Foy English of Elba.

ENGLISH CHI FRATERNITY

SIGMA CHI FRATERNITY

Van Dixon English, Elba, Ala., has pledged Sigma Chi social fraternity for the fall quarter at Troy State University.

Homecoming Memories At Troy State University

Homecoming week always brings with it a flurry of activity at Troy State University. For Mary Elizabeth Curtis, it also brings memories.

Mrs. Curtis, a graduate of the class of '29, has seen a world of changes at Troy State University.

"I graduated from Troy High School in 1925 and went right to college," she says, "it was called the Troy Normal School then. And it was downtown in Troy near the railroad tracks."

"The Troy Public Library used to be the school library," she explains, "and the classrooms were in a building where the Charles Henderson Armory is now on College Street."

The biggest change Mary Curtis has seen, however, is the student body.

"Well, they didn't look or act like they do now. When I was in school, boys and girls weren't allowed to walk down the street together," she says, "Mr. Sartain would ride around checking on the students every night."

A school teacher of 43 years, now retired Mary Curtis lives in the house her family purchased in Troy in 1923.

"We were originally from Mossy Grove near the present site of Mrs. Blossom's (a local restaurant) and moved from there in 1918."

The Curtis family moved around several times within the city before settling at 624 Park Street.

New members, Linda Erb and Kathy Giles were welcomed to the club by the president, Susanne Stokes.

After a short business session, the meeting was adjourned.

SPORTS

Views From The Pressbox

By Ricky Mular, Sports Editor

Well, the high school football season is almost over and it looks like the south Alabama might just sweep all 4 crowns. In Class A, I don't think anybody can beat Sweet Water. The Bulldogs have a powerful offense that can score points from anywhere on the field and I just can't believe they've come this far to lose. Prediction: Sweet Water 34 West Jefferson 16.

Over in Class 2A, Eclectic barely managed to win last week over Slocomb, but the Panthers are tough. Playing at home should make the difference. Prediction: Eclectic 24-Hazlewood 12.

In Class 3A, Eufaula just keeps rolling along towards another state championship. The basketball team won the state title in '78, and now it's the footballers' turn. I think the difference here could be that Eufaula has played two less games during the season. Prediction: Eufaula 10-Cobert County 8.

In Class 4A, Coach Billy Livings' Jeff Davis Volunteers have stumbled recently, but are primed to put it all together this week for a big win. Playing in Legion Field may hurt a little, but not enough to save Vestavia Hills. Prediction: Jeff Davis 29-Vestavia Hills 10.

It's basketball season around the state, and here in Elba the locals have taken it on the chin in their opening two games. The Tigers are inexperienced and have given up 83 and 91 points in their opening games, which is a whole lot of points.

Some folks have already written off Elba's team as losers, but I think the guys have too much pride to keep getting kicked around. Look out, we ain't dead yet!

I guess I'll make a couple of early season predictions about the teams to beat in the local area. In Class A, it should be Brantley, Kinston, Zion Chapel and Clio, while in 2A, look out for New Brockton, Straughan, Laverne and Headland. In 3A, the top teams will be Opa, Andalusia, Troy and Eufaula, while over in 4A my picks are Opa, Enterprise and Lee.

The bowl picture is now clear and it looks like some pretty good games are on tap. Alabama and Penn State should be a goody, as should Michigan and Sou. Cal. I plan on watching 'em all and sleeping through some!

Dennis Smith is Elba's new Recreation Director, and he's really working hard. Dennis, a 1971 Elba grad, is putting in long hours getting the gym at Mulberry Heights playable, and when he's finished a men's league will start.

Dennis knows his job and I'm expecting big things from the Elba Recreation Department.

I've seen a lot of bad refs, but I've never seen one that was so bad he needed killed! Over in Yugoslavia last week a soccer fan became so mad that he killed a referee to death after a game. The fan became mad when two players were ejected from the game. Oh, well, I never liked soccer anyway!

Ye ole Polish Propagator will venture his initial college pick of the season this week. Guess who?

ALABAMA - Auburn -- The Tide may be a little rusty following a two-week layoff, but the Bear has a sweet tooth, and the taste of sugar should bring out the best in Alabama!

ALABAMA 24 - Auburn 10

New Hope Dumps Goodman 90-55

The winning tradition started some 3 years ago when Coach Charles Cole came to New Hope Junior High continues this year under the leadership of Ken English. According to Coach English, the Wildcats are going to be top contenders for the "County Title" again this year!

"I didn't really know what we had under the Tip-Off Tourney," stated English. "In the final game of the tournament we proved we could stay on the court by losing a controversial one-point decision to Dauphin."

In the loss, the Cats owned a one-point lead with only 3 seconds left in the game, but a desperation half-court shot at the buzzer went in to doom the New Hope Cagers.

"We don't have a lot of help," added English, "but we do have a lot of hustle. These kids have the best attitude and hustle more than any team I've ever coached."

In the regular season opener, New Hope battled a strong team from the New Hope area through with a 90-55 win. Goodman Coach Jack Holley is in a rebuilding year, but the Eagles are improving and could claim some wins as they gain experience.

Jeff Sem poured in 31 points to lead the New Hope scoring parade, while Daniel Sanders added 24. Darrin Johnson tossed in 21 points for the winners. Kim Ellis was forced into a starting role in the

State Football Champions To Be Crowned This Week

The Alabama High School Athletic Association's "State Football Playoffs" come to an end this week with finals scheduled in all 4 classes.

All games will be played on Friday night, December 1, at 7:30 p.m., and the matchups will be as follows:

CLASS A
Game 15
Sweet Water-West Jefferson at Sweet Water Friday, December 1, 7:30 p.m.

Grace Period For Boat Registration Extended To Jan.1

The grace period for boat registration in Alabama has been extended to January 1, 1979, Marine Police Director William B. Garner, announced Tuesday.

Garner said the heavy volume of registration applications and the errors found in them have dictated the extension of the grace period from November 15 to January 1.

Marine Police Information Officer James K. Merrihew said that each registration application has to be processed through a computer to verify the accuracy of the information on the application form. It's essential that all information be accurate because it is fed into the Alabama Criminal Investigation Center, as well as the National Center. The data are used in tracing stolen boats and other marine equipment.

After the game, Coach Kirkland stated, "It will take time for the boys to make the adjustments to basketball, but I think we'll be all right."

New Brockton was led by Larry Wilson with 31 points and Robert Wilson with 22. Elba committed a total of 30 fouls in the game and Brockton turned them into points by hitting 31 of 44 free throws.

The game was hotly contested in the first quarter with the Tigers battling the powerful Gamecocks on near-even terms. At the end of the opening stanza Brockton owned a slim 16-12 lead. The Tigers began to get in foul trouble late in the second quarter and New Brockton pulled away to a 37-27 halftime lead.

Elba cut the lead to 45-41 early in the third stanza, but the rest of the game was a nightmare for Elba. Coach Jerry Kirkland said the Tiger starters began fouling out late in the third quarter and by the beginning of the final stanza a total of 4 starters were on the bench. Brockton pressed the Elba reserves and took advantage of countless turnovers to turn the game into a rout.

Russ Wood poured in 19 points and grabbed 10 rebounds.

Troy State Holds Annual Football Banquet

Linebacker Tim Tucker of Enterprise and center Eddie Phillips of Tallapoosa have been selected permanent captains for the 1978 Troy State University football team.

The two seniors were elected by a team vote. The captains and other award recipients were honored at a banquet held Saturday.

Tucker also received the team's "most valuable player" award for the third consecutive season. He led the team with 131 total defensive plays this season including a school record 72 assists in the opener, and their return this week will prove valuable for the Cats. Black, a quick, defensive player and Grantman, a tough rebounder who averaged 30 points a game in the Tip-Off Tourney, are both starters and their return will put the Wildcats at full-strength this week in their big game with Elba.

Goodman's B team defeated New Hope 29-15 in the preliminary contest.

"We don't have a lot of help," added English, "but we do have a lot of hustle. These kids have the best attitude and hustle more than any team I've ever coached."

ESIC Offers Seminar On Computers

Thinking of buying a computer for your home or small business? Get the facts on the capabilities of the small computers at a seminar at Enterprise State Junior College Thursday, December 7, 1978, from 6 to 7:30 p.m.

No fee will be charged for the seminar. "Today's Computers: A reality for the Home & Small Business?" will be taught by Mrs. Tana Wright, visiting professor, University of West Florida.

"Emphasis will be on application of today's microprocessor technology in the home and the small business environment," according to Mrs. Mary Bauer, director, Continuing Education Division.

A demonstration of one of the microcomputers using the basic programming language will be included.

Several manufacturers of microcomputers will have representatives present to demonstrate their lines. At press time IBM, Radio Shack, National Cash Register, and Ohio Scientific had responded to invitations and will be present. Others are expected to respond by the seminar date.

Since there is no deadline or fee, preregistration is not required but it would be helpful for those making plans to know approximately how many will be present. Therefore, Mrs. Bauer asks those who will attend to call 347-0650 if possible.

State Has Job Openings

The Alabama State Personnel Department this week announced examinations for filling present vacancies in the following positions:

FORECLOSURE SALE

WHEREAS, Ticton Stallings and wife, executed to Engel Mortgage Company, Inc., a Delaware corporation, on the 11th day of August, 1975, a Mortgage upon the real estate hereinafter described to secure an indebtedness described therein, said Mortgage being recorded in the Office of the Judge of Probate of Coffee County, Alabama, at Elba, Alabama, in Volume 61-A, Record of Mortgages, at Pages 597-599, which said Mortgage was subsequently transferred and assigned by Engel Mortgage Company, Inc. to The First National Bank of Birmingham, a corporation, by Assignment dated 2 September 1975, recorded in Book 24, at Page 543; and which said Mortgage was subsequently transferred and assigned by The First National Bank of Birmingham to Federal Home Loan Mortgage Corporation, a corporation, by Assignment dated 3 September 1975, recorded in Miscellaneous Book 24, at Page 544, in the Office of the Judge of Probate of Coffee County, Alabama, at Elba, Alabama; and whereas said default has been made by the Mortgagor in the payment of the indebtedness secured by said Mortgage and in the performance of the terms of said Mortgage and said default continuing.

NOW, THEREFORE, the Federal Home Loan Mortgage Corporation, the transferee and owner of said Mortgage, will sell, under and by virtue of the power of sale contained in said Mortgage, at 11:45 o'clock A. M., on Thursday, December 14, 1978, at public auction, to the highest bidder for cash, in front of the Court-house door of Coffee County, in the City of Elba, Alabama, the real estate embraced in said Mortgage described as follows:

Commencing at a point where the West line of the NE1/4 of SW1/4, Section 5, intersects the center line of Coffee County Highway No. SACF 774(1) and running thence easterly along the center line of said highway a distance of 551.40 feet; thence N01 degree 57' West a distance of 40.00 feet to the point of beginning; thence continuing N01 degree 57' West a distance of 210.00 feet; thence N88 degrees 03' East a distance of 210.00 feet; thence S01 degree 57' East a distance of 210.00 feet; thence S88 degrees 03' West along the northerly right of way of Coffee County Highway No. SACF 774(1) a distance of 210.00 feet to the point of beginning. Said property lying in the NE1/4 of SW1/4, Section 5, Township 4 North, Range 19 East, Coffee County, Alabama, together with the hereditaments and appurtenances thereto belonging.

Note. Said sale, and any conveyance made in consummation thereof, will be made subject to any existing Federal tax liens, if any, and/or special assessments, if any, which might adversely affect the title to subject property.

Said sale will be for the purpose of realizing the mortgage debt, together with all expenses of this sale, including a reasonable attorney's fee.

This 20th day of November, 1978.

Deans Married 25 Years

Durl and Shirley Dean were honored with a surprise reception celebrating their 25th wedding anniversary on Sunday afternoon, October 29 in the home of Tom and Jean Brown.

Guests were greeted by June and Laura Brown and introduced to Roda Sheffield, who was presiding over the Anniversary Book.

The serving table was covered with a white lace cloth and held a large crystal and silver centerpiece into which two white china "lovebirds" had been nestled. The table also held a beautiful three-tiered cake, a large silver punch service and small silver serving pieces holding mints and nuts. Serving the refreshments were Anne Boothe and Paula Black. Gifts were opened and displayed by Pam Flowers. Approximately 75 guests called during the afternoon.

Pam Galimore Honored With Shower

Miss Pam Galimore, bride-elect of Mr. Ronnie Parrish, was honored with a lingerie shower on Monday, November 13, when Miss Dawn Anchors of Port St. Joe, Fla., Miss Betty Bates of Guntersville, Miss Wendy Senn of Brantley, and Miss Lucrecia Smith of Elba entertained in the Chi Omega Chapter Room at Troy State University.

For the occasion the honoree wore a casual outfit of mauve linen along with a carnation corsage presented to her by the hostesses. She received many lovely gifts from those attending.

Guests included Mrs. Alvie Galimore, Mrs. Roy A. Parrish, and many of the future bride's friends. They enjoyed a refreshing dessert and other delightful pastries.

COFFEE ALMOND ICE CREAM

- 1 cup milk
- 1 cup heavy cream
- 1 package (3-1/2 oz.) Royal Instant Coffee Pudding
- 1/4 cup sliced almonds

Pour milk and heavy cream into a small deep mixing bowl. Add instant coffee pudding and beat 2 minutes at slow speed with a rotary beater or electric mixer. Pour into a loaf pan. Freeze until crystals form around edges of pan.

Place mixture in a mixing bowl and beat at medium speed until smooth. Mix in sliced almonds; return to loaf pan. Freeze until firm, about 2 hours. (Makes 1 pint).

Class Of '68 Has Reunion At Daleville Inn

The class of 1968 of Elba High School had their tenth year class reunion at the Daleville Inn on Friday, November 24, 1978. Upon their arrival each guest was given a name tag and asked to register for door prizes which were awarded later in the evening.

After a time of getting acquainted, the guests were then given a formal welcome by the class President, Ed Wise. Johnny Foreman gave the invocation and the class was served a delicious buffet. Following the meal, each class member was asked to tell something about themselves. Becky English Arnold took the class for a brief walk through twelve years of school and told some very interesting things that had been forgotten or dimly remembered. At intervals during the evening the door prizes were awarded. Johnny Foreman presented the awards to the following: Farthest Away: Ed Wise from Richardson, Texas; Most Changed: Jimmy Blackmon; Least Changed: Susan Russell Parker; Most Bald: Lee Boyd; Most Gray: Lavanna Houff McHair; Longest Marriage: Betty Calhoun Tucker (11 years); Most Children: Becky English Arnold (3).

After the presentation of awards, the program was over but many stayed and talked over old times. Those attending were: Becky and Kenneth Arnold; Pam and Kenneth Baker; Jimmy and Carol Blackmon; Lee and Harriette Boyd; Charlotte and Wayne Brewer; Hubert and Lou Ann Bryan; Sheryl Cooper; Charles and Cathy Cowen; Wanda and Jimmy Crutchfield; Janice and Claude Daugherty; Ricky and Cynthia Donaldson; Johnny and Brenda Foreman; Joe and Becky Free; Kenneth and Lucia Grantham; Larry and June Grantham; Janice and Kenneth Hall; Ronnie Hornaby; David and Susan Inman; Bob and Kathryn Kelley; Gussie and

Parker, Becky and Seth Snellgrove; Carolyn and Tom Moates; David and Suzanne Stokes; Mike Thompson; Betty and Jackie Tucker; Murray and Fran Vaughan; Ed and Barbara Wise; Therrell Wise; Cheryl and Mickey Sellers; and Ron and Lisa Rushing.
